Guidelines for Accommodations

- Accommodations are available to all students on the basis of individual need, regardless of disability status. Decisions regarding accommodations should be made by the student's educational team on an individual basis, consistent with either previous accommodation decisions for the student or current educational needs.
- Any accommodation(s) used during testing must be consistent with those used during the student's regular classroom instruction and assessment for at least three months prior to testing.
- Standard accommodations are changes in the way a test is administered or responded to by the student who is being tested.
- Nonstandard accommodations change what is being measured by the test and will result in the student being reported as a "Novice." They are available only to IEP and LEP documented students.

Prior to Receiving Materials

Guidelines for Accommodations

- The accommodation has been in place and used regularly in classroom instruction for at least three consecutive months.
- A team made the decision about the appropriateness of the accommodation for instruction and formalized assessments.
- There are data to demonstrate the effectiveness of the accommodation for the student on formalized assessments.
- The accommodation is used in the administration of ALL other formalized assessments such as MAPS, chapter tests, unit tests, and other tests administered to groups of students.
- See tables on following slides for directions to request **approval.

Test Preparation: Student Labels & Answer Booklet Coding

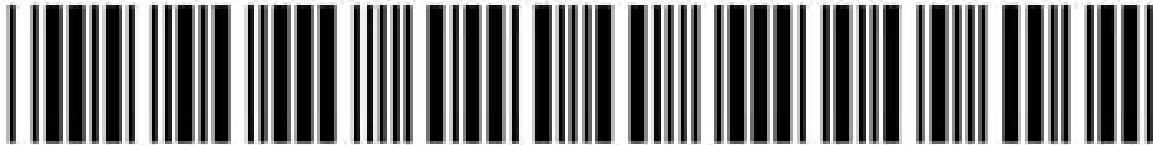

Student Barcode Labels

Label Data was extracted from AIM. All students enrolled at your school in AIM on January 22, 2016 should have a label.

- A student label is valid when the state student ID matches the student being tested regardless of the accuracy of the other information on the label. All demographic or label data errors should be reported to the AIM staff at OPI immediately.
- If you did not receive a label for a student you must bubble Boxes A, B, D & E on page 1 of the Answer Booklet.
- Teacher information was also included in the AIM extract. If a teacher name was included in the AIM “sortby” field, it will be printed on the label.
- The CRT AIM count date is March 18. Enrollment and participation updates need to be completed in AIM by April 1. Keeping your AIM data correct and up to date will ensure the accurate reporting of participation and assessment results.*

* Reporting errors that are identified as the result of improper coding in AIM or on the Student Answer Booklet will not be rectified in MARS. Any errors identified as the result of improper handling by Measured Progress will be fixed and results will be re-posted on MARS

Returning Test Materials to Measured Progress

It is never too early to return materials!

Two Shipping Methods

UPS 2nd Day Air -- **Faster**

- For Used CRT Student Answer Booklets
 - Label is pre-affixed to the grade specific “For Return of Used Answer Document” boxes
 - This shipping method is purposefully faster so that scoring can begin asap.

UPS Ground -- **Slower**

- For Used and Unused CRT Test Booklets, Unused CRT material and CRT-Alternate Return Envelopes
 - **Ground labels** were included with testing material. Please remove the original shipping label and place the UPS Return Service label on the original shipping containers
